1

## GET STARTED

Head to **support.gametraka.com** and download *SPT2 Bridge*. Start *Bridge* and login using your GameTraka email and password.

The screenshot displays the SPT Bridge web application interface. At the top, the title bar shows "SPT Bridge" and standard window controls. Below the title bar, the navigation menu includes "Bridge", "Edit", "View", and "Help". The main header area features the "bridge" logo on the left, the text "DEVICE LIST" in the center, and user information on the right: "VSS Demo" with a "Logout" link and a profile picture.

The main content area is divided into two sections:

- Connected Devices:** This section contains a table with three rows. Each row has a dropdown arrow on the left, a device ID, a name, a battery level indicator, and an action column. The first row is for an "Unnamed" device (ID: 03-03-001023) which is "UNREGISTERED" with a "REGISTER NOW" button. The other two rows are for "Device 1 - Blue" (ID: 03-03-001050) and "Device 2 - Blue" (ID: 03-03-003447). Above the table are "Erase" and "Check" buttons.
- Disconnected Devices:** This section contains a table with three rows, each showing a device ID and the name "DISCONNECTED". The IDs are 02-01-000294 D01, 02-01-000541 D02, and 03-03-003441 D3441.

On the right side of the interface, there is an event notification: "1 EVENT FOUND on 3 Selected Devices". Below this is a date and time selector showing "MAY 29 WED 10:46 am" and a "10 min" range. At the bottom right, there is a prominent yellow "NEXT" button.

## 2 CONNECT

Connect your *SPT2* devices to your computer via USB cable or *SPT Charge Dock*. View all connected devices, their individual recorded performances and data storage use.

3

## SELECT EVENT

*Bridge* will automatically detect your Performance Events according to their date and time. Select the event you wish to process and assign players to.

The screenshot shows the SPT Bridge application window. The title bar reads 'SPT Bridge' and the menu bar includes 'Bridge', 'Edit', 'View', and 'Help'. The application interface has a dark theme. At the top left is the 'bridge' logo. At the top right, there are icons for Wi-Fi, a user profile, and a 'VSS Demo' button with a 'Logout' link. The main content area displays '1 Event Found' and a message: 'Please take the time now to process data for the events we found on your devices. Clean data is ... everything! This is your chance to get it right so take the time to be as accurate as possible now for better results later.' Below this is a yellow link 'Select an event...'. A calendar widget shows 'MAY 29' with a '3' in a small box, and 'WED 10:46 AM 10 min'. A 'New Event' button is visible. At the bottom left, there is a '←' arrow and a status message: 'Syncing to GameTraka. Events and device data will be automatically uploaded to your account. Disconnect.' At the bottom right, there is a 'TRANSFER' button.

The screenshot shows the SPT Bridge application window. The title bar reads "SPT Bridge" with menu options "Bridge", "Edit", "View", and "Help". The application header features the "bridge" logo, the word "EVENTS", and user information "VSS Demo" with a "Logout" link and a "Game View" button. The main content area is titled "VSS United vs Demo Opponent".

On the left, a date selector shows "MAY 29" with a "3" in a small box, and a time slot "WED 10:46 AM" with a "10 min" indicator. The event details are as follows:

- EVENT TYPE:** Game (selected), Training, Other
- TEAM:** VSS United (selected)
- GAME TYPE:** Home (selected), Away, Other
- OPPONENT:** Demo Opponent

Below these are "TAGS" with a "Filter Tags..." search bar and a note "Click Tags To Add Or Remove".

The event characteristics are categorized into four columns:

- RESULT:** W Win (selected), L Loss, D Draw, No Result
- CONDITIONS:** Dry, Heat (selected), Snow, Wet, Windy
- PITCH SIZE:** Narrow, Wide, Fast (selected)
- OPPONENT FACTICS:** 433 (selected), 442

Additional options include:

- SEASON:** In Season (selected)
- PITCH TYPE:** Grass (selected), Synthetic
- OTHER:** No Tags

A "NEXT" button is located at the bottom right of the interface.

## 4 EVENT CREATION

Use the event work flow to easily customise, select team, add information and create tags that are specific to your selected performance event.

5

# PLAYER ASSIGNMENT

Assign performances to athletes by matching them with the connected SPT device they used during the selected event.

The screenshot shows the SPT Bridge web application interface. At the top, there's a navigation bar with the 'bridge' logo, 'EVENTS' text, and user information 'VSS Demo Logout'. Below this, a card for 'MAY 29' displays a soccer field graphic and the event title 'VSS United vs Demo Opponent'. A navigation menu includes 'Home', 'Win', 'Heat', 'In Season', 'Fast', '433', and 'Grass', with 'Aerobic Cond.' selected. The main section is titled 'ASSIGNMENTS' and features a table with columns for 'DEVICE', 'PLAYER ASSIGNMENT', and 'DURATION'. A timeline at the top of the table shows slots for 10:30 AM and 11:00 AM. Three rows of assignments are visible:

| DEVICE         | PLAYER ASSIGNMENT | DURATION |
|----------------|-------------------|----------|
| Device 2- Blue | David James       | 10 min   |
| Device 1- Blue | Jack Richards     | 20 min   |
| 03-03-001023   | Ben Dalot         | 10 min   |

At the bottom left is a back arrow, and at the bottom right is a yellow 'NEXT' button.

The screenshot shows a web browser window titled "SPT Bridge" with a menu bar containing "Bridge", "Edit", "View", and "Help". The main interface has a dark theme. At the top left is the "bridge" logo. At the top right, there are icons for a Wi-Fi signal, a user profile, and a "VSS Demo" button with a "Logout" link. Below the header, the text "EVENTS" is centered. A message reads: "1 Event Found. Please take the time now to process data for the events we found on your devices. Clean data is ... everything! This is your chance to get it right so take the time to be as accurate as possible now for better results later." Below this, it says "All Events Ready". A calendar widget shows "MAY 29" with a "3" in a small box. Below the calendar, a match is listed: "WED 10:46 ... 10 ... VSS United vs Demo Opponent" with a checked checkbox. At the bottom left, a status bar shows a Wi-Fi icon and the text "Syncing to GameTraka. Events and device data will be automatically uploaded to your account. Disconnect". At the bottom right, a yellow button labeled "TRANSFER" is next to the text "1 EVENT WILL TRANSFER Includes 1 Performance".

## 6 UPLOAD TO GAMETRAKA

When you are satisfied that the correct information and players have been assigned to your event, click **TRANSFER** to upload your performance data to GameTraka.

7

## THAT'S IT, YOU'RE ALL DONE!

Simply click on the completed event and be taken straight through to your GameTraka dashboard or stay in *Bridge* to process more events and erase your connected SPT devices.

The screenshot shows a web browser window titled "SPT Bridge" with a menu bar containing "Bridge", "Edit", "View", and "Help". The application interface has a dark theme. At the top left is the "bridge" logo, and at the top center is the word "TRANSFER". On the top right, there are icons for Wi-Fi, a user profile, and a "VSS Demo" button with a "Logout" link. The main content area features a yellow trophy icon and the text "Upload Complete!". Below this is a link that says "Click to view these events on GameTraka...". A central card displays a calendar snippet for "MAY 29" (Wednesday) from 10:46 to 10:00, with the event "VSS United vs Demo Opponent". Below the card is a link: "... or view the files on your computer:" followed by a button labeled "SPT Bridge". At the bottom of the screen, there is a footer with the text "ONE LAST THING Erase these devices for your next event." and two buttons: "ERASE" and "SKIP".
